Total Use

For borrowers that had their funds deposited into their personal bank account, you can divide your PPP loan by 3 and account for the monthly "owner compensation replacement" over 3 months and provide a copy of your 2019 Schedule C to satisfy reporting requirements. If you had non owner compensation replacement expenses such as rent/lease, utilities, or interest, you can also record those expenses in this Uses of Funds form and provide copies of those expenses either through copies of checks, receipts, or bank statements.
